ELECTRICAL OUTLETS (No Additional Charge for 24 Hour Power)

Power includes delivery of the service to the location at the rear of the booth in peninsula & inline booths. Please see the Electrical Labor Order Form for rates & instructions if you require outlets in other locations, have lights, other electrical items to hang or erect, have orders for power of 208V or higher, or have other electrical requirements.

IMPORTANT INFORMATION

MULTIPLE OUTLET LOCATIONS: A scaled floor plan is required for orders with multiple outlet locations and/or island booths. Detailed examples are provided on the following page. If a power location or main drop in an island booth is not provided prior to show move-in, a location will be determined by NRG Park in order to maintain delivery schedules. Relocation of the service will be charged on a time & material basis.

ISLAND BOOTHS: For island booths with no labor ordered, there is a 1/2 hr minimum installation charge & a 1/2 hr minimum dismantle charge.

INLINE & PENINSULA BOOTHS: Power will be placed in the back of the booth unless otherwise specified.

24 HOUR SERVICES: If an uninterrupted power supply is required for the full duration of the show, please request 24 hour power. Electricity is turned on 30 minutes prior to show opening & turned off 30 minutes after show closes on show days. Power will be turned off immediately after final show closing. If you require power outside of actual show hours, special arrangements should be made in advance.

SEPARATE OUTLETS: Separate outlets should be ordered for each piece of equipment and/or each power location.

OVERHEAD POWER: If you require your power from overhead, additional materials & labor may be incurred. Please contact 832-667-1718, option 1.

Outlet Type	Quantity	Advance Price	Standard Price	
110 / 120 VOLT

Electrical Services Order Form

ELECTRICAL INSTRUCTIONS

HOW TO DETERMINE ELECTRICAL REQUIREMENTS:

Equipment

All electrical equipment is stamped or labeled with electrical ratings usually found on the back or bottom of the equipment. Verify voltage and either amperage or wattage from the information provided. Standard office and household items operate on 110/120 volt power. Machinery and equipment typically require 208 or 480 volt power.

Lighting

Verify the wattage of the bulbs in the lights and multiply by the number of bulbs/lights.

LOCATION OF POWER IN YOUR BOOTH:

In-Line & Peninsula Booths

Power will be installed in one location, typically on the floor somewhere along the back of the booth, as indicated in the following diagrams: (We cannot guarantee that the outlet will be specifically located in the middle.)

IN-LINE BOOTHS / PENINSULA

BACK TO BACK PENINSULA

If power is required in locations other than indicated above, secondary distribution will be required and billed on a time and material basis. Please complete and submit an Electrical Labor Order Form with your power order, along with a floor plan as described below.

ISLAND BOOTHS / MULTIPLE OUTLETS:

Floor plans are always required for Island Booths and orders for multiple outlet locations. The floor plan must indicate booth dimensions, surrounding booth numbers for orientation within the facility, each outlet location, required wattage or amperage and location for main drop. If power location in an island booth is not provided prior to show move-in, a location will be determined by NRG Park in order to maintain delivery schedules. Relocation of the service will be charged on a time and material basis. See EXAMPLES below:

Island Booth with one outlet

10 X 20 Booth with multiple outlets
Labor Required

OTHER:

1. Labor is required for any and all electrical work over and above the installation of the main power drop. Please see the Electrical Labor Form for complete details. Please complete Labor Order Form.
2. Dismantle labor will be automatically charged at 50% of the installation time and rounded to the nearest half hour.
3. All equipment regardless of power source, must comply with Federal, State and local codes. NRG Park reserves the right to inspect all electrical devices and connections to ensure compliance with all codes. NRG Park is required to refuse connections where the exhibitor wiring is not in accordance with local electrical code.
4. Standard wall and other permanent building utility outlets or sockets are not part of booth space and may not be used by exhibitors unless electrical services have been ordered.
5. Exhibitors' cords must be a minimum of 14 gauge 3 wire with ground and must be flat when used for floor work. All multi-outlet devices (eg. - power strips) must have circuit protection. All exposed non-current carrying metal parts of fixed equipment, which are liable to be energized, shall be grounded.
6. Exhibitors' equipment will be modified to conform to NRG Park receptacles. Labor and materials to install or change a cord cap will be billed on a time and material basis.
7. Exhibitors with hardwall displays must arrange for power to be installed inside the booth or provide access.
8. Power sharing is not permitted between exhibitors.

ELECTRICAL LABOR INSTRUCTIONS

1. Labor rates are based on current wage scales and are subject to change in the event of a wage increase after rates have been published.
2. A minimum charge of one hour is applicable to all labor requests. Additional time on the same day is billed in 1/2 hour increments.
3. Continuations to another day are a minimum of 1 hour.
4. Labor must be picked up at the NRG Park service desk. Charges for labor commence at time of dispatch to service the labor call. A one hour minimum will apply if an exhibitor representative is not present at the time of call or reschedules the call, unless 24 hour advance notice is received in writing.
5. Labor charges will include the time for electricians to gather the necessary tools and material for the job, have their work checked by the client and return the tools and material to the supply area.
6. Exhibitors may supply their own 14 gauge 3 wire, extension cords and/or power strips, both of which must be grounded and UL approved.

EXAMPLE OF PLAN AND INFORMATION REQUIRED TO COMPLETE FLOORWORK

Please indicate the following on the floor plan.

1. Location and load of main power drop - please provide specific dimensions and wattages/amperages.
2. Location and load of all outlets - please provide specific dimensions and wattage, amperage and voltage.
3. Booth orientation - please provide surrounding aisle and/or booth numbers.

ELECTRICAL SERVICES USAGE GUIDE

The following wattages are approximate and are provided to help you estimate your power usage. To assist in estimating we recommend that you refer to the name plate or stamp usually located on the back or bottom of any electrical apparatus and order the corresponding outlet for each piece of equipment to avoid tripping/power outages during the event.

The formula for wattage is voltage x amperage (120 volt x 1 amp = 120 watts), 5 - 100 watt light bulbs = (5x100 = 500 watts).

Please feel free to contact our electrical specialists at houstonutilities@freemanco.com with any additional questions.

WATTAGE	WATTAGE		
Blender	475 - 100	Imprinter for T-Shirts	2000

BOOTH DIAGRAM LAYOUT

The grid below may be printed to layout your electrical requirements for booths up to 40 x 40 or used as a sample to develop your own plan for larger exhibits. Please complete as clearly as possible, indicating the following:

- 1. Location of the main power drop;** Power needs to be distributed from one location at which a panel or other piece of electrical equipment will be installed. It is recommended that this equipment be placed in a closet, under a table/desk or in another location that keeps it out of sight. Please provide specific dimensions.
- 2. Location and load of all outlets:** Please provide specific dimensions and wattages/amperages. *Please **DO NOT** place an X where power is required.*
- 3. Booth Orientation:** Please provide surrounding aisle and/or booth numbers, particularly for island booths. Also, please try to orient your booth to the overall floor plan so that the diagram does not have to be rotated.
